We are opposed to the uncatural connection which has existed between the National Treasury and the State Banks, and entertain the opinion, that, of the few erroneous acts of President Jackson's Administration, the most unfortunate was his employment of banking cor-portions in the collection and disbursement of the public moneys. We were among those who at the time dissented from him with regard to the propriety, safety, and constitutionality of entrusting soulless corporations with the public moneys-and we live to witness and deplore the accursed and ruinous consequer ces of the unnatural connection. The banks, warme into dangerous life and power, by Government patron age, have proved stinging adders to the bosom of Demoe. racy-and like the great hydra they were to destroy the necessity of re-ereating; they have proved basely dis-honorable in their dealings with the Government; and joined with the foes of Republican principles, have by their bought presses, and debtors in Congress, paralized for a time the action of Government-and now holdly aim to control the Executive, and seize on the ational Treasure. The crisis has arrived, when they must be confined to the legitimate purmits and objects for which they were created and endowed with peculiar privileges by the State legislatur the reins of political power—make and control the Government, or govern themselves. In the language of the Washington Philadelphia, a large asthe Washington Chronicle the THUE MAYS before the sortment of fresh
